An unwed mother is confronted by her scandalous past, only to find a second chance at happiness, in this sexy Regency romance. When an ill-fated affair left Beatrice Penrose with more than just memories, she fled to Scotland to raise her son away from society's eyes. But the past catches up with her... and Preston Worth is impossible to deny when he's sent to bring her home. Preston has known Bea since childhood, but only now does a forbidden and unexpected desire spark between them. And when Beatrice's and her baby's lives are threatened, he makes her an offer of protection she can't refuse... as his wife!
