From USA Today bestselling romance author Willow Winters, comes an unexpectedly hot standalone with two alphas and one human mate. Get ready for a fast paced and steamy paranormal novella in the To Be Claimed world that romance readers can't stop raving about. We tracked her down, now we're keeping her. After all she is our mate... We're the twin Alphas of Dark Valley, opposite in almost every way but both of us are shocked that we share a mate... and that she's human. I have no idea how this pretty little woman could handle one of us, let alone both. When lust turns to obsession, neither of us will be able to fight the pull to her and I'm not sure either of us will be willing to share. She never could have known what searching for answers about shifters could lead to and neither could we. Now the only thing she'll be learning is who she belongs to. If you enjoy sexy, alpha werewolves and standalone, insta-love stories, complete with a happily ever after, this book is for you.
