THE INSPIRATION FOR THENETFLIX ORIGINAL SERIES An impeccably researched, page-turning investigation, revealing stunning and wide-ranging evidence suggesting that consciousness survives death, from New York Times bestselling author Leslie Kean An engaging, personal, and transformative journey that challenges the skeptic and informs us all. Harold E. Puthoff, Ph.D., director of the Institute for Advanced Studies at Austin In this groundbreaking book, award-winning journalist and New York Times bestselling author Leslie Kean investigates the unexplained continuity of the human psyche after death. Here, Kean explores the most compelling case studies of young children reporting verifiable details from past lives, contemporary mediums who seem to defy the boundaries of the brain and of the physical world, apparitions providing information about their lives on earth, and people who die and then come back to report journeys into another dimension. Based on facts and scientific studies, *Surviving Death* includes fascinating chapters by medical doctors, psychiatrists, and PhDs from four countries. As a seasoned reporter whose work transcends belief systems and ideology, Kean enriches the narrative by including her own unexpected, confounding experiences encountered while she probed the question concerning all of us: Do we survive death?
