The European Green Deal, adopted by the European Commission in September 2020, sets out a vision for a just, green and prosperous recovery. The present framework will apply to the risk of small-scale and large-scale, frequent and infrequent, sudden and slow-onset disasters, caused by natural or manmade hazards as well as related environmental, technological and biological hazards and risks. To prevent new and reduce existing risk, the Sendai Framework priorities for action focus on understanding disaster risk, strengthening disaster risk governance, investing in disaster reduction for resilience and; (iv) Enhancing disaster preparedness for effective response, and Action Plan on the Sendai Framework for Disaster Risk Reduction. A disaster risk-informed approach for all EU policies<sup>2</sup>, the EU has made a shift from disaster management to disaster risk management across EU policies.
