ISBN-13: 9780061857799

From Donald Crews, the Caldecott Honor artist and award-winning creator of Truck, Freight Train, and many other classic picture books for young children, this picture book is a fun introduction to basic math concepts. What can you do with ten black dots? One dot can make a sun, two dots can make the eyes of a fox, and three dots can make a snowman's face. And that's just the beginning in this unique counting book! Children will develop visual learning skills, explore creativity, and practice counting numbers, all in one deceptively simple and fun! picture book. A proven favorite at home and in the preschool classroom.
