Tiny readers can trace bumpy, shiny, glittery trails in this board book perfect for little hands with its activities that teach them about shapes, matching, and sorting, and help develop hand-eye coordination and pre-writing motor skills. As they follow the trails, whether straight, wavy, or loopy, toddlers can trace the path of an unloading dump truck or help firefighters rescue a kitten from a tree. Peepholes on each spread show which truck will show up next, and a mix-and-match game at the end of the book with four glittery trails puts all the learned skills together, prompting toddlers to match each truck to its correct destination. Follow the Trail Trucks is perfect for hands-on learning and sensory play, and teaches preschoolers fine motor skills as they chug along and explore the exciting world of trucks. Series Overview Preschoolers will love using their fingers to follow the bumpy, glittery, shiny trails in DK's Follow the Trail series. With six double-page spreads full of exciting photographs, each board book in the series is perfect for sensory play and building fine motor skills.
