ISBN-13: 9781475865547

The Ethical Educator Pointers Ethical Educator column over the past ten years. The dilemmas encompass numerous aspects of administration, from First Amendment and religious liberty issues to personnel and board relations. Every case provides an opportunity for the reader to consider how they might handle a similar situation and to reflect on the perspectives of experienced administrators who explain how they would address the dilemma. Each chapter begins with a down-to-earth introduction by a nationally recognized school district attorney, who touches on relevant legal parameters and case law. Making ethical decisions tests us as administrators, for those decisions set precedents that shape how others perceive our ethical judgment and, in turn, the ethical identity of the school or district. The Ethical Educator Pointers & Pitfalls for School Administrators will help the reader become a more effective education administrator, a more courageous leader of a school organization, and simply a human being with a greater sense of ethical alignment and purpose.
