"Best read for 2023: Frostsight had me enthralled from its shocking beginning to its heart-stopping conclusion. Jessica Deen Norris is a genius - the way she draws you in with her world building and real characters, then keeps you in a choke hold through every twist and turn. Like C.S. Lewis, Norris enchants middle-schoolers and adults alike, and this is one of those rare series that will continue to spellbind readers for generations. Five solid stars." - USA Today Bestselling Author Laura Burton  
From the ashes of Firesight, the saga deepens with the chilling secrets of Frostsight. In a world ensnared by Shadows, Tiber and Luci race against time, chasing cryptic visions of an elusive dragon. After a daring escape from Emperor Skardin's storm dragon, Tiber and his friends venture into the icy northern mountains in search of the legendary frost dragon. But danger follows, with old enemies hot on their trail and new threats lurking in the forests. Tiber and Luci are faced with the agonizing choice: forge ahead in their quest for the dragon or defend the people from the emperor's rage. And deep within the black forest of the Dreadwood, whispers of power and glory tempt even the bravest of souls. The journey continues with Frostsight, the thrilling sequel to the award-winning Firesight, where the battle for dragons could extinguish the Shadows - or cast the realm into an endless night. Perfect for fans of Eragon's epic heroes and Percy Jackson's fast-paced adventures, the Dragon Guardian Chronicles proves that in the darkest of Shadows, the strongest Light shines from within.
