No time to rest. The world is a mess ...He'd barely made it home from helping Griffin only to find himself called to rescue a doctor on a cruise ship overtaken by pirates in their search for Abigail Dalton. The pirates had no trouble killing passengers until they found the right woman. With one man at his side, Jax sneaks onto the ship to rescue her. When she heard the gunfire, Abby hid in the venting on the ship. When a man susses out her hiding place, she's sure her world is about to end. Only Jax is on her side; yet he came with just one man to help. Stunned, she stays close as Jax frees the ship and keeps her safe-until they find out the real reason for this nightmare, when she's forced to England to face the two-legged monster of her nightmares ...The safest place is at Jax's side, but Abby knows all too well how slippery this monster really is and how easily he steps from the shadows to grab his victims ...
