"You must read this book." Neil Gaiman
The bestselling international classic on storytelling and visual communication. Praised throughout the cartoon industry by such luminaries as Art Spiegelman, Matt Groening, and Will Eisner, Scott McCloud's *Understanding Comics* is a seminal examination of comics art its rich history, surprising technical components, and major cultural significance. Explore the secret world between the panels, through the lines, and within the hidden symbols of a powerful but misunderstood art form.
