Together, beyond death...A new Unnatural horror is about to rattle Hannah Miles' quiet existence, and it's not the short-tempered viscount prowling the hallways of her home. Someone is creating monsters by stitching together pieces of different people. When a limb attempts to escape, Viscount Wycliff is called to investigate. All of London knows there is one mad scientist among them capable of creating such an ungodly monster: Sir Hugh Miles. Hannah's father is suspected of a most heinous crime and she is determined to clear his name, even as Wycliff works to see the murderer hang. Buried secrets that touch all their lives threaten to surface...and one such secret could tear Hannah's world apart. With Hannah and Wycliff on opposing sides, can they find the real monster? Will it be the hand that wields the scalpel, or the creature hiding in the dark?
