A colorful, conversational, idea-pricking cookbook is always a welcome host gift, and this one hits all the right notes. Vanity Fair's debut cookbook from Jason Hammel, showcasing the all-day seasonal food and arty vibe of his iconic Chicago restaurant. This book is the story of 20 years of cooking, love, friendship, and community told through food, with each recipe taking a particular moment in time as its inspiration. Chapters include Brunch, Soups, Snacks, Salads, Vegetables, Pasta, Meat/Fish, and Desserts, along with dozens of building block recipes and classic signature dishes. With 90 all-day recipes, each marked with the date of their creation, and all-new photography, this first book about Jason Hammel's bustling hotspot, Lula Cafe, gives a vibrant insight into the food and story of this iconic Chicago restaurant, written by its admired chef-author owner. Beloved by its loyal clientele, Lula is a meeting place for locals, gourmands, artists, writers, filmmakers, and musicians, and the intensely personal recipes and stories in this book are infused with their creative spirit. The perfect book for creative home cooks, and for readers who love stories about the ingredients, techniques, and people behind the food they eat.
