Inked within the pages of Blooming Bare, Morgan Richard Olivier uses poetry and prose to embody the steppingstones of inner work and acceptance while uncovering purpose and the power of perspective. These writings are the revelations, reflections, and raw conversations with one's self that are commonly felt yet rarely discussed along the journey of self-love, healing, and growth. By identifying our brokenness, assessing ourselves fully, and redirecting in an effort to align ourselves with peace and progress - we can embrace our truths, lessons, and journey. It is only after we remove the burdens and discover the depths of our authenticity that we can bloom boldly and unapologetically into the people that we were created to become.
