Welcome to Patricia Briggs world, a place wherewitches, vampires, werewolves, and shape-shifters live beside ordinary people (Booklist). It takes a very unusual woman to call it homeand theres no one quite like Mercy Thompson. By day, Mercy Thompson is a car mechanic in the sprawling Tri-Cities of Eastern Washington. By night, she explores her preternatural side. As a shape-shifter with some unusual talents, Mercys found herself maintaining a tenuous harmony between the human and the not-so-human on more than one occasion. This time she may get more than she bargained for. Marsilia, the local vampire queen, has learned that Mercy crossed her by slaying a member of her clanand shes out for blood. But since Mercy is protected from direct reprisal by the werewolf pack (and her close relationship with its sexy Alpha), it wont be Mercys blood Marsilia is after. Itll be her friends.
