John Dies at the End is a genre-bending, humorous account of two college drop-outs inadvertently charged with saving their small town and the world from a host of supernatural and paranormal invasions. This updated special edition includes commentary from the characters and the author! "[Jason Pargin] has updated the Lovecraft tradition and infused it with humor that rather than lessening the horror, increases it dramatically. Every time I set the book down, I was wary that something really was afoot, that there were creatures I couldn't see, and that because I suspected this, I was next. Engaging, comic, and terrifying." Joe Garden, Features Editor, The Onion "[Pargin] is like a mash-up of Douglas Adams and Stephen King... 'page-turner' is an understatement." Don Coscarelli, director, Phantasm I-V, Bubba Ho-tep STOP. You should not have touched this book with your bare hands. NO, don't put it down. It's too late. They're watching you. My name is David. My best friend is John. Those names are fake. You might want to change yours. You may not want to know about the things you'll read on these pages, about the sauce, about Korrok, about the invasion, and the future. But it's too late. You touched the book. You're in the game. You're under the eye. The only defense is knowledge. You need to read this book, to the end. Even the part with the bratwurst. Why? You just have to trust me. The important thing is this The sauce is a drug, and it gives users a window into another dimension. John and I never had the chance to say no. You still do. Unfortunately for us, if you make the right choice, we'll have a much harder time explaining how to fight off the otherworldly invasion currently threatening to enslave humanity. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind None of this was my fault.
