The double feature reaches its climax! Shinji is in heaven and his angels are a pair twin MILFs! Since they've started their tawdry affair, neglected wife Yumi and her exhibitionist sister Nami use Shinji as their special little boy toy, fulfilling their insatiable lust they never get at home. Shinji is more than willing to satisfy their cravings, even flaunting their naughty bodies to jealous onlookers who wish they could be in his shoes. When Shinji and Nami upgrade their relationship status, Yumi reflects on her current relationship with her cold husband and the emptiness it brings, and decides she'll have no more! What started out as a simple affair, has become an overwhelming ecstasy that has engulfed the passions in their hearts.
