A Haunted Girl is a horror story that explores the real-life terror that comes with the struggles of anxiety and depression. The fate of all life on Earth depends on a girl who doesn't know if she wants to live. Cleo, a 16-year-old adopted Japanese-American whose anxiety and depression drives her to suicidal thoughts, is fresh out of the hospital and trying unsuccessfully to reintegrate back into her old life. What she doesn't know is that her real struggles are just beginning as she finds herself encountering an increasingly terrifying succession of ghosts. Is she losing her grip on reality...or is the explanation much, much worse. Courtesy of writers Ethan Sacks (Old Man Hawkeye, Star Wars: Bounty Hunters) and his daughter, Naomi Sacks and artist Marco Lorenzana (Hulk), this gripping saga aims to be both a paranormal thriller and an inspiration to those who are battling their own, less literal, demons in real life.
