When Rafe contracts a magical sickness, what else can his friends do but go on a quest to find magic and heal him? Gavin the leader, Millie the fighter, and Ethan the bookworm set out to leave their town. Rumors of magic lead them to Lost Man's Grove. All too quickly, they become lost themselves, lost in the past, in the Age of Magic. Their main goal has shifted. They still need to save their friend, but first, they need to stay safe. When magic ruled, wyverns and dragons existed too. The trio must survive and return home hopefully with magic. That's not too much to ask, is it?
