It will take a miracle to survive the holidays... After recently losing her parents, packmates and a sister, Noel Cordona isn't even close to being in the holiday spirit. It seems that everyone around her is moving on and happy, but she can't seem to get it together. When an unexpected kiss changes everything she thought she knew about her packmate Nathan O'Neill, she feels alive for the first time in a year. She's too broken for him though. At least that's what she tries to tell them both. But Nathan's been waiting patiently for Noel. He's not going to lose faith now. With a little holiday magic, he can help her overcome the weight of her grief and show her that opening her heart to him is the best Christmas gift he could ever give her. Author note: Set in the Moon Shifter world, this novella features all your favorite characters in a final wrap-up of the Moon Shifter series.
