In this manual, you'll learn more about these two words. Accommodations and Modifications are used to help struggling students or students with disabilities participate in activities with their peers. Provide limited Without changing the curriculum content and without reducing learning/assessment expectations, accommodations are changes made to the student's learning Sometimes 'accommodations' and 'modifications' are used interchangeably, but they are different. You'll see many examples of accommodations and learn about the What Are Accommodations? IDEA indicates that IEP teams need to identify individual accommodations necessary for students with disabilities on state and districtwide assessments. Modifications change the outcomes or what the student is expected to learn. Some students with disabilities need accommodations or modifications to their educational program in order to participate in the general curriculum and to be success-ful in school students with disabilities: accommodations and modifications. Additionally, among other supports, IEPs must list specific accommodations and modifications that will be provided for students Accommodations and Modifications are used to help struggling students or students with disabilities participate in activities with their peers. Accommodations are alterations in the way tasks are presented that allow children with learning disabilities to complete the same assignments as other students. An accommodation changes how the student accesses and demonstrates learning, but does not change what the student is expected to learn or demonstrate School Accommodations and Modifications. Allow student to take test orally instead of written. Offer untimed testing. Accommodations is a term that is often used interchangeably with the term Accommodations Assessments Make sure material is left visible during quizzes. An accommodation changes how the • Modifications are changes to the content and skills that students are expected to master. education legislation about accommodations and modifications. Accommodations do not alter the content of assignments, give students an unfair advantage or inMore > Accommodations change how a student learns or presents the material. Simply stated, accommodations change the way the student is instructed or tested.
