[Angela Fisher] Home. WorldCat Home About WorldCat Help. Search. They are derived from ancient times and the sense of man as a biological animal, within the context of life with other beasts. Worn by both men The author has been fascinated by the dramatic style of the peoples in Africa she has encountered"she saw jewellery of great beauty and exquisite craftsmanship. Worn by A documentation of the incredible panoply of African jewelry and body adornment, surveying every major tribal style and every material used Item ISBNReprinted from original. The body is therefore an The author has been fascinated by the dramatic style of the peoples in Africa she has encountered"she saw jewellery of great beauty and exquisite craftsmanship. Among these, man is the only one who is born naked without nature's protections and adornment, such as fur, stripes, or feathers. African concepts of beauty and adornments of the body reflect a celebration of life in the face of death In more than colour photographs Angela Fisher's book explores the body adornment, modification and the jewellery from many different African cultures. This is tribal, ethnic and national African body oration at its most striking, enigmatic, personal and proud Abstract African concepts of beauty and adornments of the body reflect a celebration of life in the face of death. Search for Library Items Search for Lists Search for Contacts Search for a LibraryPeoples of the entire continent of Africa are featured, and although nobody would claim that the book depicts "everyday" or "typical" Africa or Africans, it certainly does a fabulous job of presenting "Africa Adorned". "First fascinated by its pure beauty, Angela Fisher has examined African adornment for over seven years, Africa adorned. Worn by men and women with their bodies oiled, painted or scarified, their hair plaited, piled high or dyed with ochre, these ornaments are often of great value, cast in gold or Primordial African attitudes to life and death and symbols of beauty apparently influenced Freud's fourth instinct theory conceptions of Eros and Thanotos, as well as Erich Fromm's ideas about life-loving and death-loving societies, as illustrated in selected quotations from their writings.
