From the internationally bestselling author of *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* comes “a stunning work of art that reminds readers Alvarez is, and always has been, in a class of her own.” (Elizabeth Acevedo, National Book Award-winning author of the New York Times bestseller *The Poet X*) Don't miss Alvarez's new novel, *The Cemetery of Untold Stories*, available now! Antonia Vega, the immigrant writer at the center of *Afterlife*, has had the rug pulled out from under her. She has just retired from the college where she taught English when her beloved husband, Sam, suddenly dies. And then more jolts: her bighearted but unstable sister disappears, and Antonia returns home one evening to find a pregnant, undocumented teenager on her doorstep. Antonia has always sought direction in the literature she loves—lines from her favorite authors play in her head like a soundtrack—but now she finds that the world demands more of her than words. *Afterlife* is a compact, nimble, and sharply droll novel. Set in this political moment of tribalism and distrust, it asks: What do we owe those in crisis in our families, including—maybe especially—members of our human family? How do we live in a broken world without losing faith in one another or ourselves? And how do we stay true to those glorious souls we have lost?
