Coming from nothing, Alek Koslov fought and clawed his way to the top. Creating and founding "The Sinners MC" all on his own, he becomes the President of the ruthless biker gang. Alek will do anything but go back to the life he used to live, even if that means tearing down everything and everyone in his way. Daisy Cooper is a tough and gentle soul who used to teach before the Koslovs tore down her school, and now she's forced to work for none other than the devil himself. They're like two blazing fires, constantly at odds, yet drawn to each other with an unstoppable force. It's a wild ride of love and chaos, where they risk getting burned or discovering an irresistible heat that defies all reason.
