Check out the experience to follow along with in-depth tutorial videos. Below are the steps from the video, for reference
Need help solving your 3x3 Rubik's Cube? Rubik's Pyramid. Happy solving! Explore all our our Solution Guides right here.
Sequences of moves, called algorithms, are provided in this package, which provide a For this tutorial, we will teach you to
solve the Rubik's cube by layer by layer ineasy steps: STEPCOMPLETE THE FIRST LAYER CROSS. Using U moves, place a
corner above the spot where it belongs. Memorize the algorithms! Rubik's Picture Cube. Or another Rubik's puzzle?
Rubik's Edge. STEPCOMPLETE THE FIRST LAYER CORNERS. If you want to get even faster, you should learn How to do
Finger Tricks and learn the CFOP Method. Rubik's Slide StepCorners of First Layer. Identify a corner piece that contains
white; it belongs in the first layer. With some practice, you should be able to solve the cube in about minutes. Rubik's
2xRubik's 4xRubik's Impossible. STEPCOMPLETE THE This is a super simple Rubik's Cube tutorial, where you don't need
to learn move notation or long algorithms. (We've put them all on the last slide so you can take a look when you go This
method works by sequentially building three layers of the cube from bottom to top. It is helpful to start by solving the
pieces where the white is not facing upward up the rest of the cube in this process, but it will be restored if you follow the
instructions carefully!Put any other un-oriented corner in the front-right position by turning the U face (do NOT rotate the
cube, this will mess up the rest!)Go back to step 2, and continue this process until all the corners are solved Not solved?
After you've solved the cube once, there are still a lot of fun things to do! STEPCOMPLETE SECOND LAYER. For this
tutorial, we will teach you to solve the Rubik's cube by layer by layer ineasy steps: STEPCOMPLETE THE FIRST LAYER
CROSS. With some practice, you should be able to solve the cube in aboutWith the Rubik's Coach Cube, peel & reveal to
solve quicker with stickers! STEPCOMPLETE THE THIRD LAYER CROSS This is a super simple Rubik's Cube tutorial,
where you don't need to learn move notation or long algorithms.
