AN INSTANT PUBLISHERS WEEKLY BESTSELLER This book will change your life. And, if enough of us commit, it will change the world. Phil Stutz, MD, bestselling author of *The Tools*, featured in the Netflix documentary, *Stutz In Aret*, Brian Johnson integrates ancient wisdom, modern science, and practical tools to, as per the sub-title of the book, help you activate your Heroic potential and fulfill your destiny. If you asked the ancient stoic philosophers how to live a good life, theyd answer you in a single word Aret. We translate Aret as virtue or excellence but the word has a deeper meaningsomething closer to being your best self moment to moment to moment. Phil Stutz, MD, the author of *The Tools*, who was featured in the Netflix documentary called *Stutz*, wrote the foreword to the book. He says What Brian has developed is much more than a bunch of coping mechanisms for the over-stressed modern person; although that would be an improvement for most of us. Hes developed a training program for the soul. Commit to this training and you will gain the ability to transmute your biggest problems, your darkest days, into unstoppable courage, endless enthusiasm, and an unshakable faith in the future. This book will change your life. And, if enough of us commit, it will change the world.
