Boynton is the absolute master of board books.The New York Times Book Review For more than forty years, readers have wondered what happens to the armadillo on the last page of Sandra Boyntons But Not the Hippopotamus. At last, comes the long-awaited sequel!The armadillo follows the less-traveled road he picks cranberries, stops and smells the flowers, naps in the meadow, and at days end passes an overeager hippo sprinting in the other direction. Told with Boyntons signature charm and unpredictability, But Not the Armadillo is a worthy companion to But Not the Hippopotamus. Behold the armadillo, with his armadillo nose. That nose can take him anywhere. He follows where it goes.
