Princeton: Princeton University Press Classicism was a period of literature from the late s to the mids. First, there are several good one-author accounts of Greek literature, and likewise of Latin; there are also several large histories of both with chapters by multiple authors ode It provides a concise, lucid, yet broad overview of classical literature. Until the early Renaissance, no modern literature in Europe rivaled its beauty. Keywords: Catullus, democracy, Ennius, epic, genre, golden age, Greek, Homer, Latin There are many histories of classical literature, some of them encyclo-paedic and unreadable, or at least unread. Two points (other than brevity) make this book unusual. In The Tradition of Return: The Implicit History of Modern Literature (pp.). Written by the most distinguished scholars in the field, these books survey key authors, Classicism, an Historical Explanation. It was a period during which authors sought to write poetry and drama that exemplified their interest in Greek and Latin literature, the basis of the Western tradition, enjoyed enormous prestige. Scholars, politicians, and philosophers looked to ancient literary and artistic models for inspiration, and in turn this love of the classical world is termed classicism political, and moral functions of literature; the connection between literature, philosophy, and rhetoric; the nature and status of language; the impact of literary performance on an audience; the definition of figures of speech such as metaphor, metonymy, and symbol; the notion of a "canon" of the most important literary works; and the Classicism is a term used to describe literature that reflected the thoughts and ideas from Ancient Greece and Rome. E.g. Voltaire's 'Candide' satirically challenges the optimism of the Enlightenment era, using humor and irony to expose the follies and excesses of Classicism in both literature and society. A classic Renaissance classicism was an intellectual movement that sought to mimic the literature, rhetoric, art, and philosophy of the ancient world, specifically ancient Rome. Presenting a range of material from both Greek and Latin literature, it illustrates the variety and sophistication of these works, and considers examples from all the major genres. Renaissance classicism was an intellectual movement that sought to mimic the literature, rhetoric, art, and philosophy of the ancient world, specifically ancient Rome This series provides concise introductions to classical culture in the broadest sense.
