Jack Frazer is resigned to spending Christmas in the country with his family, even knowing that his grandmother has invited a young lady and her family with the specific intention of matchmaking for him. His grandmother has also invited the newly widowed Isabella, Comtesse de Vacheron, an acclaimed actress, and her two children. The whole family is delighted to have the comtesse among them to enliven their traditional family theatricals. All except Jack, that is. He once lived with Isabella for a whole year and has been unable to forget her in the nine years since.
