From USA Today bestselling author Willow Winters comes a emotionally-gripping, standalone, contemporary romance. Nathan always had the most beautiful smile. Every time I caught a glimpse of it, I had to smile too. It didn't matter that he grew up on the wrong side of the city, I saw the good in him... even when he didn't. That wasn't enough to keep us together in high school though. One night ruined everything. A night I'll never forget. Years have passed and now he's on the cover of magazines and the star of movies. The reformed bad boy with a charming smile who makes women weak in the knees. No one knows what happened that night that forced us apart. No one can ever know. The moment he locked his light blue eyes on me again, I was ruined. I never stood a chance.
