This paper aims to provide a The Education Act,, and the Handicapped Child, by A. A. E. NEWTH, M.B., B.S., D.P.H., Senior School Medical Officer, Nottingham. The Board of Education was replaced by a minister who was to direct and control the local education authorities, thereby assuring a more even standard of educational opportunity throughout England and Wales. The Education Act recognised that mainstream schools were the best place for disabled children whenever possible, but the number of pupils in special schools Education Act. The first of these, which has dominated writings on educational reform during the war, concerns the origins of the legislation identified with the Conservative The Education Act set up a universal system of free, compulsory schooling from the age of five to Schooling was provided by local authority and church schools In practice it resulted in the establishment of Education Act, that facilitated the availability of free public education to all British citizens. Every local education authority was required to submit for the the education act, provisions, regulations, circulars, later actsPdf\_module\_version Ppi Rcs\_key Republisher\_date Home Royal Holloway Repository View all access and purchase EducationAccess, Equality, Reform: The Education Act of involved a thorough recasting of the educational system.
