Designing your ESD audit around your specific ESD components and in compliance ESD Audit Checklist Grounding/General ESD ControlsIs there a common ESD ground for the entire plant?Is ESD protective flooring used in ESD controlled areas where the personnel are mobile while handling ESD sensitive items?Where ESD protective flooring is used, is the flooring grounded to the plant's common ESD ground? This procedure The checklist should be tailored to reflect the requirements of the ESD control program as well as complement the program planESD Standards ANSI/ESD S provides a collective resource for ESD recommended constraints on product performance. MIL-HDBK, Section K, includes a checklist to use in performing an ESD auditIt provides more than specific questions on several subjects: management, training, engineering ESD Audit Checklists MIL-HDBK K has a suggested checklist to use in performing an ESD audit which encompasses over specific questions in several subjects ESD Audit Checklist. Â This ESD CheckList contains a bullets list of most ESD control The ESD Control Program Verification Audit verifies that program procedures are followed and that ESD equipment is within specification or is functioning properly. Grounding/General ESD ControlsIs there a common ESD ground for the entire plant?Is ESD protective flooring used in ESD controlled areas The controls referenced in this document have been selected to ensure that ESD sensitive devices (ESDS) that are susceptible to discharges of greater than or equal to volts Transforming Technologies created an ESD Checklist as a guide for your review of your ESD program. 4 The ESD Coordinator is responsible for ensuring that all of the ESD control items used in the facility (see Tableof this procedure) have been qualified per the requirements of tablesandin ANSI/ESD S Product qualification data, to the required test methods and standards, is compiled and maintained by the ESD Coordinator Flyersdaily steps for ESD self check to avoid damaging instruments from improper grounding Checklists.
