Exit West is a psychological journey from the east to the west. It was published in, a year before the world's population of forcibly displaced people reached a high of million (UNHCR) From the creators of SparkNotesFrom National to Global identity: Effects of Migration on the Individual in Mohsin Hamid's Exit West Mohsin Hamid's Exit West contributes to literary discussions of contemporary global refugee crises. It explores the possibilities of a new world if we do away with certain restrictions This paper makes a humble attempt to highlight how Exit West depicts the plight of refugees in their war ravaged countries by specially focusing on an anonymous city torn The present study deals with Mohsin Hamid's "Exit West" () as it attempts to reveal how colonial subjects are positioned not only in relation to the Colonizer but also in Need help on themes in Mohsin Hamid's Exit West? Exit West contrarily universalizes migrancy; Hamid imagines a world in which migration is accelerated through the existence of magical doors, allowing people to cross national Exit West Literary Analysis.
