An essential spotter's guide for the budding and experienced preternaturalist. Ostensibly it's a resource book for the Call of Cthulhu TTRPG but it's not terribly useful for that from a It's a coffee-table book for people who love monsters. It is exactly what the name suggests, a field guide some fictional person might have accumulated over years and years of research and studies (probably going more and more insane in the process) Identifying the lurking horrors of the Cthulhu Mythos is never an easy task, so researchers need all the help they can get—don't leave home without the Field Guide! The book is a revamp of the previous illustrated reference books S S.
