From the #1 New York Times bestselling author of Beautiful Disasters soon to be a major motion picture! When the world ends, can love survive? For Scarlet, raising her two daughters alone means fighting for tomorrow is an everyday battle. Nathan has a wife, but can't remember what it's like to be in love; only his young daughter Zoe makes coming home worthwhile. Miranda's biggest concern is whether her new VW Bug is big enough to carry her sister and their boyfriends on a weekend escape from college finals. When reports of a widespread, deadly outbreak begin to surface, these ordinary people face extraordinary circumstances and suddenly their fates are intertwined. Recognizing they can't outrun the danger, Scarlet, Nathan, and Miranda desperately seek shelter at the same secluded ranch, Red Hill. Emotions run high while old and new relationships are tested in the face of a terrifying enemy who no longer remembers what it's like to be human. Set against the backdrop of a brilliantly realized apocalyptic world, love somehow finds a way to survive. But what happens when the one you'd die for becomes the one who could destroy you? Red Hill grabs you from the first page and doesn't let go until its stunning conclusion. This is #1 New York Times bestselling author Jamie McGuire at her unforgettable best.
