Sundin's novels set the gold standard for historical war romance, and *When Twilight Breaks* is arguably her most brilliant and important work to date. Booklist starred review Sundin is a must-buy . . . and her latest World War II tale positively crackles with tension. Library Journal starred review Munich, 1938. Evelyn Brand is an American foreign correspondent as determined to prove her worth in a male-dominated profession as she is to expose the growing tyranny in Nazi Germany. To do so, she must walk a thin line. If she offends the government, she could be expelled from the country or worse. If she fails to truthfully report on major stories, she'll never be able to give a voice to the oppressed and wake up the folks back home. In another part of the city, American graduate student Peter Lang is working on his PhD in German. Disillusioned with the chaos in the world due to the Great Depression, he is impressed with the prosperity and order of German society. But when the brutality of the regime hits close, he discovers a far better way to use his contacts within the Nazi party to feed information to the shrewd reporter he can't get off his mind. This electric standalone novel from fan-favorite Sarah Sundin puts you right at the intersection of pulse-pounding suspense and heart-stopping romance. Sundin combines suspense and romance to great effect . . . Inspirational fans who like high-octane action will enjoy this thrilling story. Publishers Weekly Sundin masterfully combines action and attraction to generate multilayered thrills while exploring such themes as individual freedom versus the common good, gender and racial discrimination, and the polarization of viewpoints, which all have deep relevance today.
