Governmental Accounting Research System (GARS) GARS provides access to all U.S. generally accepted accounting principles (GAAP) and related Technical Inquiry Service. Principle of continuity Non-Authoritative Concept Statements. The non-authoritative Concepts Statements are intended to serve the public interest by setting the objectives, qualitative characteristics, and other concepts that guide selection of economic phenomena to be recognized and measured for financial reporting and their display in financial statements or related means of communicating information to those who <iframe src Check out the new look and enjoy easier access to your favorite features GAAP Handbook Volume&Authors: Wessel Badenhorst, Denice Pretorius, Lizette Kotze, Rieka Von Well: Publisher: LexisNexis, ISBN: To ensure our offline copy of our detailed guide is accessible to readers across the globe, EY has produced a downloadable PDF version of International GAAP® for offline Pocket Guide to IFRS® Standards: the global financial reporting language
