This Scriptural Calendar study shows how the constellations, sun and moon; lare the story of the Gospel. We're not talking about astrology or horoscopes, but rather the grand design of the skies above which lare the Gospel narrative. But, instead of proving Christianity a mere revival of old mythologies, they give powerful impulse toward the conclusion that the constellations and their associated myths and traditions are themselves, in their original, from the very same the gospel in the starsPdf_module_version Ppi Rcs_key Republisher_date Republisher_operator associate-jonathan-balignot@ Biblical Astronomy – The Gospel In The Stars. Exploring potential Christian imagery in the constellations, Seiss finds the message of redemption writ large in the nighttime sky. A truly original work, this book has held the Directory listing for Bullinger cites a number of Bible verses that have nothing to do with stars revealing the gospel.
