Find videos, trainers, and PDFs for look OLL, look PLL, full PLL, and full OLL. Round brackets are used to segment algorithms to assist memorisation and group move triggers. AUF info: Red face will face F after One-Handed PLL Algorithms Developed by Feliks Zemdegs and Andy Klise Algorithm Presentation Format Suggested algorithm here Alternative algorithms here PLL Case 3x3 PLL [21] P<sup>-</sup> ∅ Intermediate PLL Algorithms (Permutation of Last Layer) Suggested alg Alternative alg OH alg Big alg Feet alg Shortest alg [move count] Right PLL Algorithms (Permutation of the Last Layer) F type permutation R' U' F' R U R' U' R' F R2 U' R' U' R U R' U R F type permutation N type permutations PLL Algorithms Learn how to solve the last layer of the Rubik's Cube with different methods and techniques. It is recommended to learn the algorithms in the order presented. Trash. Click on an image to add it to the trash. Purple text denotes either a change in the suggested algorithm (from the 3x3 PLL Algorithm PDF) or an entire new Move. Moves in square brackets at the end of algorithms denote a U face adjustment necessary to complete the cube from the states specified. If () icon, or purple text does not exist, LH (feet) or big alg will be the first one. Hide the cases you do not plan to learn. PLL [21] permute LL pieces, assuming OLL is complete. Moves in square brackets at the end of algorithms denote a U face adjustment necessary to complete the cube from the states specified. Use the Shift key to select multiple cases %PDF %µµµµobj >>> endobj > endobj >/ExtGState >/XObject >/ProcSet[/PDF/Text/ImageB/ImageC/ImageI] >>/MediaBox[]/Contents 3x3 PLL [21] Intermediate CubeRoot PLL Algorithms, Finger Tricks (Permutation of Last Layer) Suggested alg Alternative alg LH alg Big alg Feet alg Shortest alg [move count] RH alg Right thumb, Right index, Right ring, Right pinkie, Left index Start hand from top, middle, bottom layer Image of suggested alg similar to J Round brackets are used to segment algorithms to assist memorisation and group move triggers.

 Difficulté Difficile

 Durée 135 jour(s)

 Catégories Électronique, Bien-être & Santé, Machines & Outils, Sport & Extérieur, Recyclage & Upcycling

 Coût 509 EUR (€)
