Sweezy Memorial Award for an original monograph concerned with the political economy of imperialism, John Smith's Part One presents the results of empirical anal ysis of the global shift of production to low-wage. On this basis, the propagandists of US imperialism trumpeted the beginning of the "American century" We argue its emergence, far from weakening imperialism, is a key factor in explaining today's imperialism. Imperialism of the twenty-first century constitutes of three, not two, parts—capitalist core, periphery's core, and periphery's periphery nations, and identifies its key feature: imperialist super-exploitation;Part Two seeks to Lenin's 'Imperialism' in the 21st Century.
