Home Service & Support Downloads Documentation These Instructions contain all the information and safety precautions needed for the proper operation of the product according to its intended use LF LB Exposed linear encodersPDF Kiosk: all HEIDENHAIN brochures at a glanceLC LC Absolute Linear Encoders with Optimized Scanning Product *I * Operating Instructions (Authorized Documentation) LCA, LCA, LCA English (en)/ This document is provided in DIADUR glass scale with absolute track and incremental track. Compared with the LS and LC, the LF has only a slightly shortermm measuring length. Without mounting spar: approx.-6 K-1; With mounting spar: approx.-6 K-Accuracy grade*. Further information *I * Operating Instructions (Authorized Documentation) LCA, LCA, LCA English (en)/ This document is provided in multiple languages DIADUR glass scale with absolute track and incremental track. Use the filebase. Without mounting spar: approx.-6 K-1; With mounting spar: approx.-6 K-Accuracy grade*. $\pm\mu\text{m}$ EnDat with»V PP LC - DRIVE-CLiQ LC SFanuc Pi LC F Mitsubishi LC M Panasonic LC P Incremental linear measurement with very high repeatability Steel scale Small signal period $\pm 5 \mu\text{m}$ $\pm 3 \mu\text{m}$ $\pm \mu\text{mm}$ to mm μm »V PP LFIcremental linear measurement Glass scale ± 5 About these instructions. This part of our site brings various platforms and archives together in one place where machine users can easily find documentation for milling controls and lathe controls, and for digital readouts of the series VRZ, ND, POSITIP, and IK QUADRA-CHEK. These Instructions contain all the information and safety precautions needed for the proper operation of the product according to its intended use. The About these instructions. Further information is available in specific documents, depending on the life-cycle phase of the product and on the target group for the activity. Only with mounting spar User documentation. Measuring length ML* in mm. $\pm\mu\text{m}$; $\pm\mu\text{m}$. LF and LF have a pluggable electric connection. Mounting spar* recommended.
