It's observations of events in motion that are designed to highlight potential issues expressly so they can be addressed The documents also included training schedules ofUkraine combat brigades, revealing that nine of them were being trained by US and NATO forces, and needed tanks and more than It's also possible the first "leak" was disinformation, because to be honest, the UKR casualty numbers were very low, justKK KIA. Other than the confirmation that documents were leaked, and that some information was changed, you are not going to anything more from the USA. btownsteveThe classified documents – which have not been individually authenticated by U.S. officials – range from briefing slides mapping out Ukrainian military positions to assessments of international One top-secret document lays out the shortcomings of the Ukrainian military and says Ukraine would only make “modest territorial gains” in its counteroffensive they are both identical file sets but you will have to create an account including your phone number for the Yandex set. News. Kammler ADMIN MOD. UA POV Leaked documents expose US-NATO Ukraine war plans. And the Biden administration is reportedly demanding they be scrubbed from the internet Use the Proton file server, not the Yandex. Classified Pentagon documents containing information about US and NATO plans for a Ukrainian offensive and key details of the ongoing war have leaked. This isn't a final report on a war that's over. I did that and I can guarantee they are identical file sets. Some images are pretty good and quite readable others are not at all readable Those leaked documents—assuming they were real, assuming they were leaked—don't show that Ukraine is failing or is doomed to fail.
