A practical guide to getting the most out of Excel, using it for data preparation, applying machine learning models (including cloud services) and understanding the outcome of the data analysis This book demonstrates how to use popular data mining techniques in Microsoft Excel to better understand machine learning methods A practical guide to getting the most out of Excel, using it for data preparation, applying machine learning models (including cloud services) and understanding the outcome of the data analysis Teach Machine Learning with Excel. Use Microsoft's product Excel to build advanced forecasting models using varied examples. Despite the popularized applications of self-driving cars, killer robots, and facial recognition, the foundations of machine learning (ML) are quite simple This is the code repository for Hands-On Machine Learning with Microsoft Excel, published by Packt. Yumin Zhang. In the fourth industrial revolution, data becomes as important as energy and materials You'll use Machine Learning techniques to classify real data using basic functions in Excel. Department of Engineering and Technology Southeast Missouri State University Cape Girardeau, MO Abstract What You Will Learn. Cover range of machine learning tasks such as data mining, data This is the code repository for Hands-On Machine Learning with Microsoft Excel, published by Packt. You don't have to be a genius or a programmer to understand machine learning. Department of Engineering and Technology Southeast Missouri State University Cape Girardeau, MO Abstract. Comprehend data mining using a visual step-by-step approach; Gain an introduction to the fundamentals of data mining; Implement data mining methods in A practical guide to getting the most out of Excel, using it for data preparation, applying machine learning models (including cloud services) and understanding the outcome of Key Features Use Microsoft's product Excel to build advanced forecasting models using varied examples Cover range of machine learning tasks such as data mining, data Key Features. Teach Machine Learning with Excel. Yumin Zhang.
