Commentaires

Introduction

A cute project from the FabLab de Leuven, Belgium, presented at the FAB14 International Fablab Festival in Toulouse, France, in July 2018.

Matériaux

- 1 cardboard sheet
- 2 wood skewers

 Minion.svg

 Minion doc.pdf

Outils

- Laser cutting machine
- Scissors

Étape 1 - Lasercut the cardboard sheet

Download the minion.svg or minion.pdf file. Use the laser cutter to cut the piece out.

Étape 2 - Fix the feet

Put up two skewers in the first piece of the Minion, number n°60.

Étape 3 - Thread the pieces

Like a 3D jigsaw puzzle, thread the pieces one by one. Pile the pieces up.

Cut with the scissors the tip of the skewers that stick out the head, piece n°1.

Étape 4 - End result

Well done, you created your Minion! *Banana!*
