The OECD produces internationally comparable tax data, analysis and policy advice with the aim of helping governments around the world to design and implement effective, fair and We would like to show you a description here but the site won't allow us The Multilateral Instrument (BEPS MLI) offers concrete solutions for governments to close loopholes in international tax treaties by transposing results from the BEPS Project into bilateral tax treaties worldwide. This note includes the contents of the update to the OECD Model Tax Convention (the Update). The BEPS MLI allows governments to implement agreed minimum standards to counter treaty abuse and to improve dispute resolution The Update was provedap by the Committee on Fiscal Affairs on You can copy, download or print OECD content for your own use, and you can include excerpts from OECD publications, databases and multimedia products in your own Taxation is central to building strong, prosperous and inclusive societies by helping to raise the revenues needed to deliver much needed public goods and services.
