Download. Press Allow to give this access. Download For help with your Microsoft account and subscriptions, visit Account & Billing Help. As mentioned in the Subject line, I would like to change my default application to view PDFs in OneDrive online from Open in Adobe Document Cloud to Open in browser How I use: Open the app first instead of opening the pdf on OneDrive, then choose add/import the PDF from OneDrive on Xodo. At the prompt, select Allow or Enable permissions When I select a pdf, I get a brief view of it in the browser, then the message like this file doesn't have a preview we can show you. This is a lie, as I saw the preview. It happens in Edge, IE, Chrome and Firefox, so it isn't browser specific Go back to OneDrive and open the file again. OneDrive's PDF reader also enables you to annotate the files that it opens On your Android device go to Settings > Permission Manager > Files and Media. When you attempt to open any PDF file, OneDrive should be among the options of the apps that you can use. Allow OneDrive to access your Android photos, media, and files Remove Browser as a Default PDF Viewer App. Many users especially those using Mi phones face the problem where the Mi Browser is set as the default PDF viewer app. One of the issues is that Xodo might Download. For technical support, go to Contact Microsoft Support, enter your problem, and select Get Help. If you have Windows, OneDrive is already installed on your PC. If you're using another version of Windows, install OneDrive to get started. Start Camera Upload in OneDrive for Android. OneDrive for Android. Select OneDrive in the app list and choose Deny. Download OneDrive. On the next screen, you need to permit the app to access your pictures. If you still need help, shake your mobile device and select Report a problem. Start OneDrive. Clearing the defaults of the OneDrive comes with a native PDF reader that works just like dedicated readers like Adobe Acrobat Reader. Learn how to resolve issues with the OneDrive mobile app · Press Start Camera Upload to activate this service. Install OneDrive to get started on your Android device.
