A groundbreaking book that combines nearly fifty years of afterlife and near-death experience research to provide proof of the existence of the soul and life after death from psychiatrist and bestselling author of Life After Life, Dr. Raymond Moody and New York Times bestselling author Paul Perry. After spending nearly five decades studying near-death experiences, Dr. Raymond Moody finally has the answer to humanity's most pressing question: What happens when we die? In Proof of Life After Life, Moody and coauthor Paul Perry reveal that consciousness survives after the death of the body. Featuring in-depth case studies, the latest research, and eye-opening interviews with experts, Proof explores everything from common paranormal signs to shared-death experiences, and much more.
