Leah Giancarelli makes balancing her new role as a widowed mom look easy, but she'd have crumbled if not for her late husband's best friend, Marcus. She has her issues with HORNET, an elite hostage rescue team she lost her husband after he accompanied them on their last mission but Marcus has always been by her side, a strong shoulder to lean on. Until, after one impulsive kiss, he's so much more. Eaten alive by guilt, Marcus takes off, leaving both HORNET and Leah behind. Alone is easier. Safer. Because his feelings for Leah are all kinds of wrong, the worst kind of betrayal, and he can't trust himself not to act on them. But Danny's death was only the beginning. Whoever hired the hitman is looking for something. And worse, they're certain Leah is the key and now they'll kill to know more. Each book in the HORNET series is STANDALONE: * SEAL of Honor * Honor Reclaimed * Broken Honor * Code of Honor * Reckless Honor * Honor Avenged
