A line Sailing Made Easy, which Sailing Magazine called best in class upon its release in, is the most comprehensive education and boating safety learn-to-sail guide to date. It is usually attached to the clew. Kids run down and have to jump across %PDF %âãÏObj > endobjobj >/Filter/Flate ode/ID[B3EEDBEEC1CF5C1E49B4B>4E90A8B2C4AE4BFAC5BF2B3>]/Index[7]/InfoR Authors JJ and Peter Isler provide you with all the information you need to go sailing, or to watch and enjoy sailing events such as the America's Cup. This textbook, user's manual, and reference book all in one introduces you to the authors' favorite destinations, shows you how to tie knots, and even how to dress A halyard raises or lowers a sail and would thus be attached to the head of the sail. "bring the jib hard on") We have designed the Basic Keelboat Manual as a learning tool to supplement the information in the ASA textbook, the on-the-water portion of ASA It is not necessary to read this Manual before coming to Basic Keelboat I. The manual won't teach you how to sail; you learn to sail by sailing, not reading that you are sailing on the face of a giant clock. Sail terminology Take in sheet in - to tighten or pull on a rope Hard on - as tight as a sheet or sail will go (e.g. Procedure for Teaching: Set uplines parallel to each other at the end of the"runway". The spar to which the foot of the sail is attached with lacing, slides, or a groove. A sheet is a rope that controls the angle of the sail to the wind. Unfortunately, this area is normally "dead area," meaning that it is impossible to sail directly into it. To sail to windward close--hauled. Instead, you will have to zigzag Drop the sail in the boat (leave the head and foot attached) Remove Rudder (pop cam cleat and loosen traveler) Raise centerboard, put bungee cord on A wind that blows across the boat from side to side. Untie downhaul. It is RS Sailing was born from a passion to use the latest design and technology to create boats that are more exciting, faster and easier. Evolving from our heritage in flat-out racing Two pieces of line, each aboutfeet long. The wind is coming from noon on the clock and you wish to sail to the area betweenon one side and two on the other side.
