Sometimes statistics is misused when these data are used by some advertisers and campaign managers to promote the image or brand of their product in People began to use mathematics in their lives when they first started to use the numbers in counting objects. This syllabus builds upon concepts, skills and attitudes learnt in Lower Secondary and provides a sound foundation for further learning. Later on, they became farmers and builders and the system and the way of writing numbers became more sophisticated. There is an emphasis on the development of real numbers and their everyday usage in learning mathematics To access the GradeGeneral Mathematics (GM) Past Exam Papers, click on the highlighted link. The past papers are in PDF format and will download immediately onto your device. The Answer Sheets and Formula sheets are included within each paper FODE Grade11_ Maths A.
