Nearly all browsers (including Chrome, Firefox, Brave, Safari, and Edge) will open Print if you press Ctrl + P or Command + P (on a Mac). In my experience, Firefox and Chrome (and any Chromium based browser) have the best extension StepSelect Print from your browser's file menu. ·Click on the three vertical dots in the top-right corner of the toolbarClick on Printfrom the drop-down menu. Step 2 You can also press Ctrl + PThen, click to expand the ·I tend to achieve what you want using a browser add—on extension.
